Foreword

This 13th AMER International Conference on Quality of Life, AicQoL2025Pangkor being held at the Puteri Bayu Beach Resort, Pangkor Island, Malaysia on 17-18 Jan 2025 is organised by AMER (Association of Malaysian Environment-Behaviour Researchers). It marked AMER's 48th international conference to be organised, and fully managed by AMER's subsidiary, emAs (AMER Event Management & Services) under emAs emAs Resources

The Game Changer 2021 (#GC2021) initiated in early 2021 whereby it is compulsory for contributions from Malaysia to include international co-authors, is to increase our publications to be contributed by multi-national authors. We believe that initiative would tremendously increase the chances for our publications to be indexed by more reputable indexing bodies, such as Scopus. As such, commencing 2021 only multi-national authored contributions from Malaysia shall be accepted for publications.

AicQoL2025Pangkor managed to attract an overall total of initially 63 numbers of abstracts, of which 4 were rejected due to non-compliance. Of the abstracts approved, authors from 14 countries contributed. Majority of the abstracts were in collaboration with Malaysian authors. The most were together with Indonesia (21 numbers / 36%); China (20); Australia and Brunei (3 each) and Japan, Kazakstan, Nigeria, Oman, Saudi Arabia, South Korea, Taiwan, UK, and USA (1 each)

The approved 59 abstracts were finally transformed into 52 approved full papers, a return of 88%. The papers approved were simply grouped generally under 16 sub-categories, although quite a number could have been easily placed under more than one category. The top four categories in order of popularity involved the Working Environment (WE) with 9 papers; Educational / Learning Environment (ELE) with 7 papers; Health / Healing Environment (HE) and Sustainable Environment (SuE) with 6 papers each; and Commercial/Retail/Services Environment (CRSE) with 4 papers.

Hopefully this conference will inspire and encourage more researchers to participate in our forthcoming serial conferences.

Thanks again for your continuous support and contributions as always, and hope for an enlightening conference!

Looking forward.

Prof. Dr. Mohamed Yusoff Abbas

About the Conference

Background

The AMER (ABRAMalaysia) support for the AcE-Bs and AicE-Bs conferences, initially organised by the Centre for Environment-Behaviour Studies (cE-Bs), FSPU, UiTM, Malaysia, and co-hosted by international colleagues within the Environment-Behaviour (EB) disciplines, have been held and planned to be away from Malaysia, worldwide. There is a need for an annual serial internationally very relevant behavioural-themed conference in/nearby Malaysia, not only for the benefit of AMER / ABRA local members who could not participate at the AcE-Bs and AicE-Bs conferences being held worldwide, but also for potential international participants who would like to present their papers in/nearby Malaysia. What behavioural-themed can be most relevant affecting all nations than the QoL (Quality of Life)?

Thus, the timely and relevance of the Annual Serial Landmark International (ASLI) Conferences on QoL, back-to-back. The AicQoL, AMER International Conference on Quality of Life, shall be held at the ASEAN venues, while the AQoL, Asia-Pacific International Conference on Quality of Life shall be held in non-ASEAN countries. AicQoL is also strategized to coincide with AMER's AGMs.

The anchor theme of the conference is "Quality of Life in the Built & Natural Environment". It shall be fully managed by emAs (AMER Event Management Services), under emAs emAs Resources.
